UPCOMING ADVANCEMENTS

Improved Sales Management
With the introduction of the GSA module, manage global sales agents and boost distribution and overall sales effectively.

Fresh User Interface
We're rolling out five new B2C themes and a revamped loader, promising a refreshed and optimized booking experience for users

Villa Rental Integration
In the upcoming year, we're adding the VRBO module, allowing users to seamlessly explore & book villa rentals alongside traditional hotel accommodations.

Supplier Integration
Integration of new suppliers into our system includes Heysem and Smile Holidays for hotels, Satguru for flight services and several others in the queue.
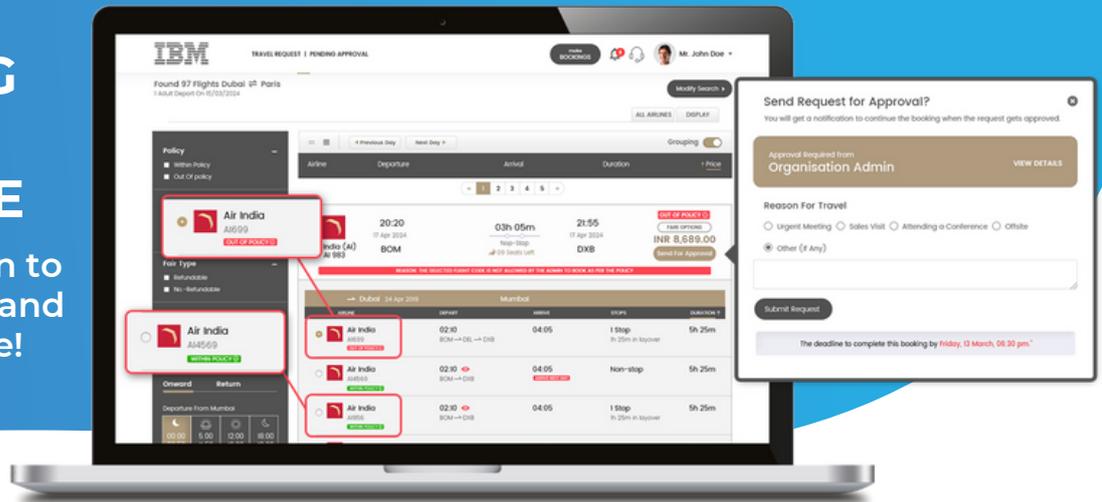

Dynamic Package Enhancement
Enjoy enhanced flexibility with real-time customization of travel packages, ensuring personalized experiences.

INTRODUCING OUR NEW CSBT MODULE

Your one-stop solution to Efficiency, Simplicity, and Corporate Compliance!
